Message:

In the past, many students and parents have relied on the yearbook staff to order extra yearbooks and hope that they can purchase them in October when the yearbooks arrive. This created a financial burden as some of them were not purchased. We have stopped this practice. There are sometimes overruns but we do not purchase extras for students. It is VERY important that you purchase your book now. You will notice that the price increases as the year goes on so **ORDER NOW** and take advantage of the cheapest price.
